

# THE ELEVENTH INTERNATIONAL SOFTWARE QUALITY WEEK

**Theme: Countdown To 2000**

*The Year-2000 question emphasizes how important it is to accomplish system changes and testing under pressure, against a deadline, and within real-world economic constraints.*

We are soliciting 45-, 90- minute and tutorial presentations or participation in a panel discussion on any area of testing and automation, including but not restricted to:

Application of Formal Methods  
Automated and manual Inspection Methods  
CMM/PMM Process Assessment  
Data Flow Testing Technology  
Defect Tracking / Monitoring  
GUI Test Technology and Test Management  
Integrated Test Environments  
ISO-9000 Applications & Methods  
New and Novel Test Methods  
Object Oriented Testing  
Process Assessment / Improvement  
Productivity and Quality Issues  
Real-Time Software  
Real-World Experience  
Reliability Studies  
Software Metrics in Test Planning  
System Load Generation & Analysis  
Test Automation Technology and Experience  
Test Data Generation & Techniques  
Test Documentation Standards  
Test Management Automation  
Test Policies and Standards  
Web Testing/Website Quality  
Year 2000 Issues

## QW98

26-29 May 1998  
San Francisco  
California USA

### QW '98 Presents:

The premier conference of the Software Testing and QA/QC community. QW '98 program consists of four days of mini-tutorials, panels, technical papers and workshops that focus on software test automation and new technology with:

- Quality Assurance and Test involvement in the development process.
- Exchange of experience-based information among practitioners.
- State-of-the-art information on software test methods.
- Future trends from researchers.
- Five concurrent tracks.
- Vendor Technical Presentations.
- Two-Day Vendor Show.

### IMPORTANT DATES:

Abstracts and Proposals Due:

16 January 1998

Notification of Participation:

20 February 1998

Camera Ready Materials Due:

31 March 1998

Final Paper Length:

10 - 20 pages, including Text, Slides and/or View Graphs.

SOFTWARE RESEARCH, INC.

Sponsor of Quality Week  
since 1988

### SUBMISSION INFORMATION:

Abstracts should be 2 - 4 pages long, with enough detail to give reviewers an understanding of the final paper, including a rough outline of its contents. Indicate if your target audience is:

- Application oriented
- Managerial
- Technical

Indicate if the basis of your paper is:

- Work experience
- Future perspectives
- Academic research

In addition, please include:

- 3 Bullets with keywords describing the paper.
- A brief biographical sketch of each author.
- Complete mailing and e-mail address(es), and telephone and FAX number(s) of each author.
- One photo.

### Mail your abstracts to:

Software Research Institute  
625 Third Street
